

## Universal Solenoids

**Pollak® offers a full line of universal solenoids**

As the heavy-duty industry continues to introduce more electronic systems, universal solenoids will play a greater role in daily repairs. Pollak® offers a full line of accessory and universal solenoids.

**Pollak® Universal Solenoids are the Product of High-Quality Design, Testing, and Manufacturing**

100% tested for continuous current load, voltage drop and pull-in current

Pure copper battery terminal studs reduce resistance and allow higher current flow for increased performance

High-quality composite housing protects against harsh temperatures and severe underhood conditions

Increased copper windings create a stronger magnetic field

**52-356P**

12V, 100A, 5 Stud Continuous Duty Relay

**52-345P**

24V, 100A, 4 Stud Continuous Duty Relay

**52-347P**

12V, 100A, 4 Stud Continuous Duty Relay

**52-351P**

12V, 100A, 4 Stud Continuous Duty Relay

**52-352P**

12V, 100A, 4 Stud Continuous Duty Relay

**52-360P**

12V, 100A, 6 Stud Continuous Duty Relay

**52-363P**

12V, 200A, 4 Stud Continuous Duty Relay

**52-364P**

12/24V, 200A, 4 Stud Continuous Duty Relay
